

LPSGC 2019 Razzle Dazzle

Format

Our October 9th Razzle Dazzle event is a Red-tee, 2-man team competition with three distinct parts: **Scramble** (holes 1-6); **Better Ball** (holes 7-12) and **Alternate Shot** (holes 13-18).

Scramble Each partner tees off and the team chooses the ball position it wants to play from next. The ball position is marked; each partner's ball is placed within one club-length of the marked location, no nearer the hole (except on the green where it must be placed as close as possible to the marked position). This process is continued until the first ball is holed. *Each partner's tee shot must be used at least twice.*

Better Ball Each partner plays his own ball until holed (but a player need not hole-out if his partner is in with a better net score). Handicap strokes will be marked with dots on the scorecard.

Alternate Shot The team decides which partner will tee off on odd-numbered holes and the other partner tees off on even-numbered holes. The same ball must be used during play of hole (unless preferred lie conditions are in effect). *Penalty strokes do not affect the order of play.* See [Rule 22](#).

Marker Instructions

The marker must record the team strokes for each hole in the Scramble phase on the score-line of Player-1. Use the other score-line to record the initials of the player whose tee shot was used.

In the Better Ball phase record each player's gross score on the appropriate score-line. If a player picks-up on a hole, record an "X".

In the Alternate Shot phase write the total hole score on the score-line for Player-1.

Handicapping

The **Scramble** team handicap (S_T) is the sum of 35% of the A player's Course Handicap and 15% of the B player's Course Handicap for one third of the holes, where A is the smaller of the two handicaps:

$$S_T = 0.35\left(\frac{A}{3}\right) + 0.15\left(\frac{B}{3}\right)$$

The **Better Ball** stroke allowance will use 90% of course handicaps, with a second 90% adjustment if the resulting stroke difference exceeds 8. The **Alternate Shot** team handicap is 1/3 of the arithmetic mean of the course handicaps:

$$AS_T = \frac{(A+B)}{6}$$

The team handicaps for the first and third parts will be calculated to the nearest 1/10th to

minimize the number of tie scores. The final team score is the sum of the net scores for each of the three parts.

Stroke Table (Flight Sheet)

The flight table on the following page lists the stroke allowances for each part of the Razzle Dazzle for each player or team. The Scramble (**S**) column contains the team handicap using the 1st formula above. The Better Ball (**BB1** and **BB2**) columns list the number of handicap strokes for Player-1 and Player-2 respectively. Note that player names are ordered alphabetically, not in A-player, B-player order. The Alternate Shot (**AS**) column contains the team handicap using the 2nd formula on the previous page.

The next two columns contain the total strokes for Player-1 and Player-2:

$$T_1 = S + BB_1 + AS \quad \text{and} \quad T_2 = S + BB_2 + AS$$

These total stroke values will appear on your scorecard under the **Strk** column. All 18 holes on each player's score-line will include dots (or fractional dots) indicating where the handicap strokes are allocated. The fractional dots appear, for example, as "3/10" indicating 0.3 handicap stroke or "●3/10" indicating 1.3 handicap strokes. In the Scramble and Alternate Shot phases, the individual hole stroke allocations are not important, just the sum over the six holes, but the sum is not printed on the cards. You can add up all the dots and fractional dots to determine the team's strokes in the Scramble and Alternate Shot phases or just look them up in the stroke table on the following page.

Leaderboard

When the results are released to the event portal, the **S**, **BB1**, **BB2** and **AS** strokes will be included in the USGA TM leaderboard (visible after clicking on the team name to expand and show the hole-by-hole scores).

Flt	#	Player-1 / Player-2	1-6, 7-12, 13-18 Strokes				Total Strokes		
			S	BB1	BB2	AS	T1	T2	T
1	1	Don Ceresa / Frank Gygax	1.3	2	2	2.7	6.0	6.0	8.0
1	2	Tom De Roza / Fred Hilke	1.7	4	3	3.6	9.3	8.3	12.3
1	3	Ed Baffico / Dennis Boegel	1.9	4	3	3.9	9.8	8.8	12.8
1	4	Alan Casamajor/ Jay Guerin	1.7	5	2	4.2	10.9	7.9	12.9
1	5	Ernie Souza / Ken Taniguchi	1.9	3	4	4.0	8.9	9.9	12.9
1	6	Don Erickson / Rich Harford	1.8	2	5	4.2	8.0	11.0	13.0
1	7	Pat Moore / George Nesbit	1.7	3	5	3.9	8.6	10.6	13.6
1	8	Al Gomes / Bill Nichols	2.2	5	4	4.7	11.9	10.9	15.9
1	9	John Candau / Ray Mercado	2.4	5	4	4.9	12.3	11.3	16.3
